ABOUT ME

As a recent graduate in Electronics and Communication Engineering from L.D. College of Engineering, I have a strong passion for frontend development. I specialize in creating visually appealing and user-friendly websites, and I'm eager to expand my skills into backend development with the goal of becoming a full-stack developer. I am excited about the opportunities to learn and contribute in a dynamic tech industry.

PERSONAL PROJECTS

TextUtils (React, React Router, Bootstrap)
June 2023 – July 2023
- A web application that offers text manipulation tools, including dark/light mode, word counter, remove spaces, copy text, clear text, uppercase, lowercase, and more.
- Built using React, React Router, and Bootstrap for navigation and UI.
- **TextUtils-Live**

Weather App (React)
July 2023
- A React-based weather application that provides real-time weather information based on user input.
- Dynamically changes its background image based on weather conditions such as rain, haze, or clear skies.
- **WeatherApp-Live**

Portfolio (React, Tailwind CSS, AOS Animation)
Aug 2023 - Sep 2023
- My portfolio website is built using React and Tailwind CSS, making it visually appealing and mobile-friendly.
- Features smooth animations using AOS (Animate On Scroll) for enhanced user experience.
- Includes a smooth scroll feature.
- **Portfolio-Live**

EXPERIENCE

GROWNITED PRIVATE LIMITED | Web Developer Intern
Jan 2023 – April 2023 | Ahmedabad

- Learned and applied HTML, CSS, JavaScript, and React to develop websites and web applications.
- Created an offline internship project: Developed a News API website, utilizing HTML, CSS, JavaScript, and React to provide real-time news updates and user-friendly features.
- Additionally, created mini projects to enhance skills, including a To-Do List Application.

OASIS INFOBYTE | Front-End Web Intern
May 2022 – June 2022 | Remote
- Gained practical experience in web development while working on a Portfolio page, Landing page, and a Temperature Converter using HTML, CSS, and JavaScript in a remote, online internship setting.
